GRIGG™ C K-BALANCE™

0-0-24

GRIGG™ C K-Balance™ Advantages

- C K-Balance combines calcium and potassium in a greens grade granule to strengthen and protect turf from environmental stresses and heavy use.
- Can be applied monthly as a management tool to maintain optimum potassium content and consistency in the rhizosphere.
- C K-Balance is one-half micronized limestone ground to a tiny particle size that can pass through 200 mesh.
- C K-Balance is one-half sulfate of potash in its purest, natural form. It is harvested from solar evaporation ponds.
- Nutrient release and subsequent plant uptake determined by microbial activity and will vary based on soil moisture, temperature, pH, and turfgrass species.

Application and Use

Fairways:

3-4 lbs / 1000 sq ft (15-39 g/m²)
134-348 lbs / acre (150-390 kg/Ha)

Greens:

3-4 lbs / 1000 sq ft (15-39 g/m²)
134-348 lbs / acre (150-390 kg/Ha)

Always water in thoroughly after application to help speed up breakdown.
