

GRIGG®

BURLEY GREEN®

RATE RECOMMENDATIONS FOR PROFESSIONAL USE ONLY

To prevent or correct nutrient deficiencies, apply GRIGG BURLEY GREEN as a liquid spray early in the morning or late afternoon to reduce drift. Allow 3-6 hours for drying time before irrigation. For best results, apply after mowing when temperatures in the root zone exceed 50°F and environmental conditions favor turf growth.

Foliar and Soil Applications: Apply as needed every 21-28 days.

Cool Season Grasses: Apply 6-9 fl oz per 1000 sq ft or 2-3 gal per acre [20-30 L per hectare].

Warm Season Grasses: Apply 9-15 fl oz per 1000 sq ft or 3-5 gal per acre [30-50 L per hectare].

Make frequent applications at lower rates, or apply higher rates at times of greater plant demand. Optimum rate of application will vary depending on treatment interval, soil properties (such as pH, organic matter content, texture), weather conditions, time of year, plant species and its nutrient requirements. For best results, follow soil/tissue test recommendation.

MIXING AND HANDLING INSTRUCTIONS

Agitate before use. For foliar and soil applications, apply in a minimum of 2 gal of water per 1000 sq ft (88 gal of water per acre) [800 L of water per hectare]. For soil applications, apply light irrigation following application for best results. Fill mix tank with half of required water volume and begin agitation. Add products in this order, mixing thoroughly after each addition: adjuvants, pesticides, then fertilizers. Fill tank with remainder of water and continue agitation until solution is completely mixed. Check chemical mixture compatibility using a jar test prior to application.

Net Contents: 2.5 gallons (9.46 liters)

Density: 10.0 lb/gal @ 68°F
Net Weight: 24.7 lb (11.2 Kg)

GUARANTEED ANALYSIS

Total Nitrogen (N)	18.0%
12.0% Urea nitrogen	
6.0% Other water soluble nitrogen*	
Available Phosphate (P ₂ O ₅)	2.0%
Soluble Potash (K ₂ O)	3.0%

Derived from urea, methylene diurea, methylene urea, phosphoric acid and potassium citrate. F76

*6% Slowly available nitrogen from methylene diurea and methylene urea.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden. Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

In Virginia, this lawn fertilizer, which contains phosphorus, is intended only for nonagricultural use on (i) turf during its first growing season, (ii) turf areas being repaired or renovated, and (iii) turf where a soil test performed within the last 3 years indicates a phosphorus deficiency. This fertilizer is not intended for the routine maintenance of turf.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

Information about the components of this lot of fertilizer may be obtained by writing to Brandt Consolidated, Inc. and giving the lot number which is found on the container or label.

WARNING: Causes serious eye irritation. Causes skin irritation. Harmful if swallowed.

Precautionary Statements: Wear eye/face protection and protective gloves. Do not eat, drink or smoke when using this product. Wash thoroughly after handling. **First Aid:** *If in eyes:* Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention. *If on skin:* Wash with plenty of water. Take off contaminated clothing before reuse. If skin irritation occurs, get medical attention. *If swallowed:* Rinse mouth. Call a doctor if you feel unwell. **Storage and Disposal:** Keep out of reach of children. Store away from incompatible materials. Dispose of contents/container in accordance with local regulations.
